Ifty years of Euclid High School. Way back in the Fall of ◀ 1949 the first students entered Euclid's halls. What an exciting experience for those new students. Everything was brand new and big. It was not as large then as it is now but it was still a very impressive building. Nine months later the first volume of the Euclidian was delivered. Now, fifty years later the fiftieth volume of the Euclidian was delivered. Many things have changed during those fifty years but one thing still remained constant. Euclid was committed to taking its students and giving them a chance to get the best education that they could get. The building has shown some signs of aging but the education process has not diminished.

Far Lett. Angela Forgus and Rick Bartel are helping Mrs. Angela Christopher in the Main Office. Students have been helping the Euchid staff for as long as the school has been open. Lett. Entry years takes its toll on the equipment in the school. During the fall of 1998 two new boilers were installed to help keep the building warm in the winter.

hings were a lot different fifty years ago. Hair styles were different. Clothes looked a lot different. Students were exposed to a multitude of different stimuli. One thing was not different. The students walking through Euclid's halls in 1949 were about the same age as the students walking through her halls now. Students do different things than they did fifty years ago, but they still have a life in and out of school and they still belong to clubs and activities and organizations. Euclid still gave students a chance to prepare for the rest of their lives.

### HOMECOMING GAME

Tomecoming week began on October 5 which Student Council declared as Hat Day. Tuesday was Mismatch Day, Wednesday was Jersey Day and Thursday was Blue and Gold Day. Many students participated in these activities leading up to the Homecoming game with Mentor. Euclid struggled throughout the game and was only ahead by a score of 13-12 with less than six minutes left in the game. After that, Hassan Brown intercepted a Mentor pass and returned it 22 yards for a touchdown that made the final score 20-12. Euclid only gained 32 rushing yards and the only way they were able to stay in the game was to cause Mentor to commit five turnovers in the second half. The game turned out to be a good beginning for the Homecoming weekend.

### ANIGHT

### More than 700 students

n Saturday evening, October 10, 1998, after a week of pep rallies, Homecoming Court elections, and displays of school spirit, the Euclid High Student Council held its annual Homecoming dance. Over 700 students attended the enchanted evening in Paris gala. The E-Room had been decorated with gorgeous French paraphernalia and a D.J. played all of the student bodies favorite hits. The Homecoming was originally announced during halftime the previous evening but they were again introduced at the dance. Mercedes Ivev was the sophomore attendant, Julie Stobierski the junior attendant, Suzanne Lucas was Homecoming Queen and Cordell Morris was King. All were present and showing their school spirit. All who attended had a fantastic night which created some great memories that would last forever.

Euclid high school. Euclid High School was a brand new building that fifty years later would hold many memories for many thousands of students. As this year's seniors looked back on their graduation, they experienced many emotions. Though they may feel that way, they must not forget the changes they've gone through, growing in different ways, the times of celebration and the times they would rather forget. Emotionally students grew and learned how to love, have faith, control hatred, and even trust.

By the time a student became a senior they had a good under standing of the workings of their school. Seniors were the most knowledgeable and understanding of the workings of Euclid High School. Seniors always had the highest level of expertise in the high school. The class of 1999 was no exception. Many of them were hard working individuals who were doing their best to prepare themselves for the years ahead. Fifty years ago the first class graduated from Euclid High School well prepared for the world they were about to enter. The class of 1999 was also ready for the world they were about to enter.

### SUMMER TRAVELING

**Euclid students spent time in Germany** 

enior Lisa Basalla and junior Sara Pfahl had a chance of a life time during the summer of 1998 when they were able to spend two weeks in Germany. They stayed with the Deiseroth family in a village near the city of Kassel, Lisa and Sara already knew the brother Andreas and sister Sandra. Both had been in Euclid several years ago and had stayed with Sara's family. Sara and Lisa remained good friends with Andreas and Sandra during that time. They finally took the opportunity to visit their German friends on Wednesday, June 24. During their stay, they experienced the culture firsthand. Neither Sara nor Lisa knew any German, yet for the most part they were able to communicate. Sara and Lisa saw four exquisite places and a famous German circus Flic Flac. During their stay, they spent a weekend in a youth hostel in Berlin. They were fascinated by all the history that surrounded them. They were able to walk along parts of the Berlin Wall and went to the Check Point Charlie Museum. Besides all the impressive structures, the German people in general were extremely friendly and kind. Lisa and Sara look forward to visiting again sometime in the future.

### FAVORITE TEACHER

#### Seniors voted for the teacher they liked most

The seniors were polled as to who their favorite teacher was. Almost fifty teachers recieved at least one vote which indicated that many of Euclid's staff appealed to some of the student body. The winner for the second year in a row was Mr. Jeff Hartman. In a close second place was Ms. Diane Maroli. Mrs. Carol Tkac, even though she retired last year was in third place.

Tied for fourth place was Mr. Steve Marcu and Mrs. Marketa President. Next was Mr. Robert Heramb,. Other teachers mentioned, in no particular order, were: Ingrid Koenig, Barbra Masseria, Edie Mellen, Chris Torrelli, Tom Banc, Katie Morris, Sean O'Toole, Betsy Anness, Susan Dennis-Rogers, Bill Von Benken, Deborah Petrick, Sue Amato, Vicki Nally, Lisa Platko, Stan Bender, Kim Dixon, Janet Ulle, Jo Rita Perez, Jean Jelenic, Ron Zucca, Michelle Mc Garry, Bea Gruscow, Roy Pignatiello, Robert Smith, Jim Kelly, Judy Mc Laughlin, Frank Soltesz, Robert Ramlow, Fred Schroeder, Marla Clinkscales, Mike Rezzolla, Reggie Echols, Tony Rozman, Gayle Flament, Lucy Platt, Lisa Mc Leod, Laura Boyd and Larry Issacs.

#### CALL YOUR HOUSE YOUR HOME? Most seniors live in a house

In the same survey, seniors were asked if they lived in a house. By far most of them replied that they did and the percentages were about the same as the previous year showing that most of the seniors were attached to the Euclid community through their place of living.

Below: Dave Kilkenney, Ryan Farkas, Jenny Emser and Jen Davies playing the salute for Homecoming announcements.

## COLLEGE BOUND

#### Most seniors plan on going to college

eniors were asked whether or now they were planning on going to college. More than 90% of the responding students replied that they were intending on going to college. This is a little more that the percentage from last year. It shows that most seniors realize the importance of getting a college education.

Jeff Evans, Bob Butera, Matt Krutsch, Joe Dunford and Chris Biehl are students who will definitely think about continuing their educations past high school.

# SENIORS INVOLVED IN ACTIVITIES

Por many students school began at 7:40 am and ended at 2:25 pm and the time before and after that was devoted to a job or themselves. But for many Euclid students school began before 7:40 am or continued after 2:25 pm if they were involved in extracurricular activities. Many students were involved in sports which were played after school but were often practiced before school while many others participated in some of the many club or music groups that were available to anyone who wanted to participate. If someone had an interest there was probably some organization at Euclid that could fulfill their interest.

Last year only 56 per cent said that they had enjoyed their years at Euclid and 20 per cent said that they did not. These data were consistent with data for the past several years.

## I'LL DO THE DRIVING

Students have been coming to Euclid High School for fifty years. Some students walk, some come by bus and others come by car. A poll of seniors asked if they came to school in a car and 74 per cent said that they did. They were then asked if they did the driving and 57 per cent said that they did. These results were very similar to the results of a similar pole the previous year.

## WORKING HARD Most seniors have a job after school

ne very big difference between high school life in the nineties and life fifty years ago was the number of students that had after-school jobs. In 1949 students would go home from school and do homework or work around the house or play with their friends. In the 1990's having a job was the norm and more than 75 per cent of the seniors had jobs and many underclassmen also had jobs. The percentage of seniors who had jobs was very similar to the percentage of seniors who had jobs in the previous year. Most seniors worked about 10 to 30 hours per week which meant that they were working during the week as well as on the weekend.

Above: Mrs. Jo -Rita Perez talks to Valerie Van Ho and Rachel Dixon about the merits of having a job after school.

Above Left: Student mediators can sometimes help out in situations where students become stressed because of trying to manage a job as well as their school work.

Left: Dawn Merritt, Mary Tisi and Melissa Waina are able to participate in sports which is something a lot of students who have jobs cannot do.

Imost every sport you want to play is at Euclid. Whether you want it to be your ticket to college or just something to do everyday after school, at Euclid there was a sport for you. Sports here gave the students an opportunity to be part of a team and meet many new friends. Euclid had been competing in the Greater Cleveland Conference for the past two decades but this year changed as Euclid reentered the Lake Erie League upon the abandonment of the G.C.C. This led to longer bus trips since many of the L.E.L. schools are further away.

### TOUGHER SCHEDULE

#### Football still did well after entering L.E.L.

The Euclid Panther football team had another exciting season as they entered the Lake Erie League and finished with an overall record of 7-3 and 4-2 in the Lake division of the L.E.L. The Panthers did not have the flashy runners of past years but they did have a lot of talented players and a good solid offensive and defensive line. They would have made the playoffs if it weren't for an upset loss to Lakewood. They finished in a tie for second place with Mentor. Euclid had a good passing attack to go along with its

running game. Van Monroe completed 62 out of 133 passes for a 46.6% completion record. His completions gained 1051 yards and scored 11 touchdowns. He had 6 passes intercepted. Brandon Richardson and Chris Harrell both finished the season with 22 catches apiece with over 400 yards gained each. Hassan Brown and Chris Harrell each got three interceptions for the season. The running game was led by Brandon Linton who gained 824 yards on 144 carries for a 5.7 yard per carry average.

Dorian Goulde also carried 70 times and gained 330 yards for a 4.7 yard average. Brandon Richardson, Amin Harville, Dorian Goulde and Mario Marusic were all named to the News Herald First Team while Van Monroe, Brandon, Chris Harrell, and Mike Belanich were all named to the News Herald Second Team. Special Mention was given to Rick Glavan and Tommie Virgies. The team had many exciting moments and the season was enjoyable for all.

## **LOVING IT**

#### Girl's tennis has best season in more than a decade

The change of scenery from the G.C.C. to the L.E.L. this year turned the Euclid varsity girls' tennis team around. Returning lettermen and improved underclassmen all contributed to the team, which had more experience than in past years. Coached by Pete Swope, this was the first time in over a decade that the team was able to achieve double digit victories. Last year's overall record of 3-16 was a far cry from the 12-6 record that this years team achieved. The varsity team became a respectable team in the L.E.L. This reputation would be challenged the following year when three starting seniors leave, and underclassmen must stem up and fill their positions.

The 1998 girl's cross country team did not do as well as the boys and finished in sixth place out of eleven teams in the L.E.L. The girls suffered from lack of participation since they had only a couple of girls more than the five needed to participate in a race. The girls worked hard but there was no one that really stood out and no one was able to get to the State finals.

# GOOD, BUT NOT Boy's basketball had some great players

The boy's basketball team had a lot of talent but found themselves in a much tougher league when they entered the L.E.L. Tough teams from Shaker and Cleveland Heights dominated the league and Euclid had to settle for a tie for third with Mentor. The team had many high points, one of which was senior, Emmanuel Smith who put up some of the most impressive statistics of anyone in the area and was considered by many to be the premier high school player in the entire area. In his best game he scored 45 points and averaged more than 27 points per game which was the highest in the area. He also ranked high in three point shots, rebounding and steals. The Euclid team had a lot of playmakers that made the game enjoyable. The team was coached by Doc Daugherty.

## WELCOME TO

### Girl's basketball wins the conference

The 1999 Girl's Basketball team consisted of a very good group of ladies that were able to score, rebound and dribble the ball. They worked hard and because of that were able to finish in a tie for first place in the L.E.L. their first season. Led by **Delvona Oliver** the team was able to out rebound and out shoot many of their opponents on the way to having a very respectable season

his year threw the girls soccer team into surprise. Starting slow and short of a coach during preseason the L.E.L shocked them with the new skills needed. The girls worked well with the new coaching system of duo head coaches, Felicia Rozotti and Dick Homovek but still finished the season with a 5-9-2 record. Every game this year was close and depended on the last five minutes. We all will remember the way the team pulled together for the first game with North. Melissa Waina was awarded on the News Herald first team and Sandra Mowery on their second team honorable mentions went to Rebecca Waina and Mary Tisi. The post season could have been longer but with all of the new changes the season ended quickly

### GOOD DEFENSE

### Panther hockey team skates through a

The Euclid Panther Varsity Hockey Team had another great season making it to the Baron Cup Finals. It wasn't easy for the Panthers to get there though. In the beginning of the season the Panthers were stricken by several injuries that took five players off the ice but in no time the players were back and ready to play. They played a great regular season and was able to play in the Baron Cup Finals where they lost a tough game but got a highly respectable second place. The team was coached by Mr. Dick Homovec and Mr. Frank Soltesz. -Brett Stanic

### STROKING THROUGH Both boys and girls teams struggled

here was plenty of depth in the pool but there wasn't enough depth on the boy's and girl's swim teams which led to a year of less than average accomplishments. One bright spot for the boys was Michael Miklavcic who was able to reach the District competition. The team was coached by Mr. Joe Rodriguez.

Boy's Swimming, Row one: Michael Tschantz, Brian Walther, Pete Phillips, Dave Kilkenney, Jesse Scheider, Kenny Modelski, Corey Conell. Row two: Jim Kolenc, Mike Barnauskas, David King, Joe Rinella, Milan Tomsic, Chris Mayle, Eric Ryan. Girl's Swimming, Row one: Shawn Joyce, Michelle Wilson, Gail Mc Kay, Melissa Breeding, Krysti Scheider, Natalie Greer. Row two: Vicki Bowser, Laura Osterman, Tina Peric, Bridget Resnik, Mary Tisi, Rebecca Waina. Row three: Jessica Scott, Kristen Knauss, Sarah Osterman, Rachel Lewand, Julie Stobierski, Heather Champa, Coach, Joan Bush.

he girl's swim team worked hard but suffered from a lack of good swimmers. They finished the season with a 3-5 record and came in fourth in the L.E.L. A few of the ladies were able to get to Districts. Rachel Lewand in the 100 fly, Kirsten Knauss in the 100 backstroke and the 200 free relay of Jessica Scott, Rachel Lewand, Kirsten Knauss and Tina Peric made it to Districts. One of the major problems was not enough girls participating in the events. Mrs. Joan Bush was the coach for the group.

# KEEPING UP THE The cheerleaders keep up the spirit of

This year's cheerleading squads led the panther fans with enthusiastic cheers and chants on the sidelines. They traveled with Euclid's football and basketball teams to boost the spirits of the fans and players. Thirteen sophomores, juniors and seniors made up the varsity football squad and nine returned to cheer for the basketball season. The cheerleaders began practicing in July for the 1998 football season. During the season they practiced after school on Mondays and Thursdays. For basketball they practiced before each game. Laura Grosel, a teacher at Upson Elementary School was the varsity football and basketball coach. Mrs. Rodin coached the JV squads while Lauren Scheurman, a Cleveland elementary school teacher, coached the freshman squads. The athletes worked hard to raise the enthusiasm of the fans and help lead the panther teams to victories.

High School there were many extracurricular activities the students were able to participate in. Throughout the years some of the activities have changed but many have remained the same. There has always been a Student Council and a Marching Band but fifty years ago there wasn't a S.A.V.E. or a Poetry Club. The school has changed with the times but, regardless, there were many activities that the students could participate in and enjoy while at Euclid High School.

# The Crux had something to believe in

he Crux was a place where teens could come together and share the gospel of Jesus Christ. So many teens were searching for a peace in someone or something that they couldn't find. The Crux found a peace that surpassed all understanding by having Jesus as their very best friend. They had meetings before school in which they participated in fellowship, worship and prayer along with guest speakers. Ms. Diane Tizzano was the adviser for the group.

# WORKING ON THE JOB

#### Most upperclassmen have some sort of a job

aving a job was a big part of being a student in the 1990's. ~75% of the seniors who responded to a poll indicated that they had a job. The proportion of underclassmen would be smaller, but that still was a large number of students that had jobs. One of the reasons for having a job, of course, was to be able to afford a car. After that, the money was used to buy clothes and supply entertainment for the students. Some money would go into a savings account for college for some of the students. Having a job gave students a feeling of independence and the ability to control their destiny.

# HALLOWEN Many students celebrated Halloween

n Friday, October 30 the hall of Euclid High School teemed with many scary and unusual creatures as many of the students dressed up for their annual celebration of Halloween. It almost didn't occur as the new Principal, Mr. Ron Seymour, said that there wouldn't be any costumes allowed during school. After many students expressed their disappointment with the new ruling it was decided that dressing up would be allowed. Many students took the time and came in all sorts of costumes. It was a fun day that was enjoyed by all who participated. On Saturday, October 31, Student Council held its annual Halloween Party for the Euclid community where the kids could come and be entertained with prizes and games in the E-Room.

# SAVING THE YEAR Yearbook keeps a record of the school year

The yearbook tried to record all the major events that occurred during the 1998-99 school year. There were the usual new faces, of course but the biggest news was the fact that the yearbook and the school was fifty years old. Other than that there was not any major events that distinguished the 1998-99 year.

# GETTING THE NEWS ...to The Euclid High School

The P. A. Announcers were the students who made the announce ments to all the homerooms on the television in the morning. Each morning the announcements began with Principal, Mr. Ron Seymour, giving a thought to help make it through the day. The students would then read the important messages of the day. In order for all of this to occur the Media Aides had to run the cameras and audio equipment that was necessary to get the message into all the rooms. The Media Aides also distributed audio-visual equipment to the teachers and did the lighting and sound for the different events at the school. Mr. Allen Black was in charge of these students.

# LEARNING HOW TO SELL

Students learn about business in Marketing Education

istributive Education Clubs of America (DECA) was an association of Marketing students that coincided with Euclid's Marketing Education class. Mrs. Jean Jelenic was the adviser for the club. In DECA, students took part in a competitive series of events that dealt with advertising, management and marketing. Students competed on the district level and sometimes on the state and national levels. They conducted fund-raising efforts to pay for the trips to competitions. In their junior year, marketing students studied business finance, marketing research and other business related activities. Seniors spent part of the day in school learning about job interviewing, sales and advertising. During the remainder of the day they were employed at local retail, wholesale or service businesses.

# STORING STUFF

#### Students have been using lockers at Euclid for fifty years

Euclid High School began putting their personal belongings in their brand new lockers. Nowadays, students were still concealing their belongings in their lockers. The lockers were no longer new, and some were older than others, but the idea remained the same. Students still needed a place to store their materials while they were at school. Many students decorated their lockers so that everyone knew that it was their locker.

## Key Club gets satisfaction from helping others

ey Club was a service organization in which students volunteered their time to help their community and school. The members were dedicated to helping those who were less fortunate. This year members volunteered at the Ronald Mc Donald House in Cleveland, Lake Farmparks, Euclid Meridia Hospital and Gateway Nursing Home. The club met every Thursday evening in the Little Theater. ne of the most important parts of any school were the employees who made everything happen. The staff consisted of teachers, administrators, secretaries, paraprofessionals, security guards, nurses, librarians, cafeteria workers and custodians without which Euclid would not be the school that it was. None of Euclid's current staff were around when the building opened in 1949, but there were many who were here more than thirty years.

he purpose of the staff at Euclid was to enable the students to succeed in what they wanted to do after graduation. An important part of this was trying to get the students to begin thinking for themselves. The ability to think was the most important part on education. Facts were soon forgotten but could always be looked up if one knew where to look. The ability to think, however, could never be lost and every situation could be analyzed and then responded to in an intelligent way.

## 6.2002 of..2002

In the fifty years that Euclid has been open, freshmen have played a part only in the last several decades since Euclid only had three grades when it first opened. The one reaction that freshmen had when they first viewed the school was one of size. It was so awe somely large. The first days were always so hectic trying to find a way to get to every class and then to make it shorter. Freshmen were thrown onto a new pool of students and had to meet new people and make new friends. Many freshmen spent a lot of time trying to look just right so they would appeal to their classmates. It was a new experience, but it was one that most adapted to and learned how to get about in a few short weeks.

## LEARNING THE ROPES

Sophomores have learned how school operates

By the time students got to be sophomores they had a pretty good understanding of how Euclid High School operated. Sure, the discipline code book changed a little every year but for the most part the everyday routine of survival at the school was understood. Sophomores began to become active in many of the activities that were available to them and they matured to the point where they were becoming mature young men and women. Sophomores had been a part of Euclid high for the past fifty years.

## GAINING MATURITY

### Sophomores show much growth after their freshman year

Sophomores had learned much about Euclid High School and matured in the process. Sophomores were usually much more reliable when it came to doing their homework and studying for tests and doing everything that was necessary for achieving in their classes. Some had jobs that forced them into learning responsibility and some began driving which took even more responsibility. The sophomore year was one of great change.

# GETTING CLOSE Juniors only have one year to go

For fifty years juniors had been in the position of having only one year remaining before graduation. Juniors weer mature students who were participating in many clubs and extracurricular activities and were the ones who were in position to take over the following year. Almost all of them had their driver's license and many had cars so transportation was much easier than as a sophomore. Many also had jobs so they had a source of income to help pay for all the clothes and toys and types of entertainment that they enjoyed. Being a junior was an exciting moment for most students.

Lauren Miheli and Nate Dore were a matched pair when they came to class.

# Baseball comes out swinging Finishes first for last time in G.C.C.

he varsity baseball team had another successful season as they finished their tenure in the G.C.C. with a 21-8 record. The season began slowly after the Panthers lost five of their first seven games. After that, however, they got in the groove and won 19 of their next 22 games. They won the G.C.C. for the last time.

### Prom gave students a chance to dress up

rom was held on Thursday, May 14, 1998. This was the earliest it was held in many years. Seniors still had two weeks of school after they got back from Prom. It was also a problem since it occurred in the middle of Advanced Placement Exams making it difficult for some students to concentrate on their exams. It was held at Landerhaven Party Center and was attended by about 300 couples. Everyone looked very nice and lots of prizes were awarded at After Prom.

Senior Citizen Prom was sponsored by Student Council and was held in the East Gym on Wednesday, May 6, 1998. Many senior citizens from the Euclid community enjoyed dancing to the live band with spouses or with members of Student Council.

# TIME TO GRADUATE

### Commencement was an emotional time

ommencement was held on June 7, 1998. The weather was threatening so the ceremonies had to be held in the East Gym instead of in the stadium. It was a cool, cloudy day so conditions were not uncomfortable. The event was an enjoyable experience.

Co-Validictorians, Allison Metti and Lisa Udovich, and Salutatorian, Betsy Gibbons, gave a short talk to the senior class during Commencement.

Students had lots of time before the Commencement ceremonies began since they were required to get to the gym one hour before Commencement began.

#### Maria Williams

Never be content with someone else's definition of you. Instead, define yourself by your own beliefs, your own truths, your own understanding of who you are and how you came to be. And never be content until you are happy with the unique person you are. Always! Know that I will be with you every step of the way. Reach for the stars. Love, Ma

Victoria,

Love God, love yourself and love others. Remember, if you want to succeed at anything, if you want to master anything, fall in love with it, for you will give yourself to what you love. I am so proud of you, my 'Sweetie'.

Love, Mom

# CLOSING

## Colophon Thank You Staff

osten's Printing and Publishing Division at State College, Pennsylvania printed the 650 copies of the 1999 Euclidian. The book was printed on Gloss 191 paper stock and included 48 pages of full color. All pages were created using the Aldus PageMaker® 5.0 program running on a Macintosh IIsi computer that had 17 megabytes of RAM, a 540 megabyte hard drive and a Daystar Powercache 50 megahertz accelerator card with math coprocessor installed. The pages were backed-up onto a 100 megabyte Iomega® removable Zip disk. A 21" black and white, two page monitor made page layouts much easier. A second Macintosh IIsi computer with 17 megabytes of RAM and a Video Spigot card was networked to the first. Both computers were running System 7.1. Digital images were imported either directly from a Sony Mavica MVC-A10 Still Video Camera into the Video Spigot or were scanned in from a photograph using a 600 dpi scanner. The images were processed using Adobe Photoshop® which had Kai's Power Tools® plug-ins installed. Graphics were produced using Aldus Freehand®, Type Styler® and Microsoft Works®. The index was made using the Josten's program, Last Name First®. The pages were recorded on 3.5 inch floppy disks and 100 megabyte Iomega® Zip disks and hard copy was printed on a Hewlett Packard LaserJet III printer. The hardcopy and disks were sent to Josten's who stripped in the photos and produced the final copy on a Linotronic printer. The first deadline was submitted on a Iomega® disk since there was so much memory needed. The rest of the deadlines were submitted on 3.5 inch floppies. The cover was designed by the Josten's Art Department. Pages were submitted to the plant on six deadlines: November 2, November 24, December 18, January 29, February 26 and March 12. The pages were submitted as double page spreads. All the color pages had to be in the first deadline since their production entailed so much work. Since the final deadline was in early March, nothing that occurred after that time could be included in the book. The picture patron option has gained in popularity with eighty seven students having their baby pictures included. The Name Stamp option that was begun last year has also increased in popularity

he staff of the 1999Euclidian would like to extend thanks to all who helped to make this book possible. First and foremost, thanks have to go to the adviser, Mr. Von Benken for the many long hours of hard work and planning that had to be put in to get the entire operation going and to keep it going. Others to be thanked are: Ohio School Pictures, Inc, for supplying film and processing for the many pictures that appeared in the book and for taking many of the team pictures, senior and underclass pictures. Josten's Yearbook Company for putting it all together in such an artistic manner, Charlotte Elston for all the time she spent arranging photography dates and supplying needed materials, Joannne Hodder and Joan Beuoy and Marilyn Foote and Michael Barnes for all the time and work they did trying to get the senior pictures arranged and taken, all the writers and photographers who contributed their time, and last but not least, the entire student body at Euclid High School without which this book could not exist.

any people helped in some way with the 1999 Euclidian. Some wrote stories while others worked on the laying out of the book while others helped in the mailing of letters. Some of the students who did some work were Mary Tisi, Bridget Resnik, Kelly Baylog, Derik Malenda, Danny Fonovic, Michael Miklavcic, Ursula Wein, Lisa Basalla, Leah Cherne, Christine Metti, Courtney Valentine, and Mr. Von Benken.

### Disclaimer

he 1998-99 school year is history. Many interesting and significant events occurred during that time and the *Euclidian* tried to cover as many of them as possible. This was difficult due to the limited staff. If we missed something, we are sorry. We sincerely apologize for any errors or omissions that occurred in the book but you have to understand this is only a high school publication and mistakes can happen.

Ruth Cleary

Roth Cleary missed having her picture taken in the Fall for the Senior Section and by the time we received a picture all of the underclass sections were also completed. We are including it here so at least her picture is included in the book.

**Steve Rico** is an aide who impresses his students by swallowing fire.

Aaron Carpenter is shown riding his Trials bike on the rocks along the lake shore. He is participating in a sport called Observed Trials. Observed Trials is a sport of European origin and involves riding over obstacles without putting one's feet down. The obstacles can be shipping pallets, logs, rocks, spools. cement blocks, cars, etc. Perfect balance, smooth technique and strength are required. Organized competitions usually involved a series of four to ten "sections" which had specific lines and directions the riders had to proceed through to complete the section. Riders got points for putting their foot down. The rider with the least points at the end was the winner. There are two types of trials bikes. The "Stock" bike was basically a normal 26" mountain bike with at least five working gears. Good brakes and a light, strong frame was highly recommended. The "Modified" bike is what Aaron is shown riding. It consists of a frame with custom geometry, 20" wheels, a "bashguard" below the crank and brakes front and rear. These bikes are NOT BMX bikes.

The great thing about Trials was that you could ride on almost anything, almost anywhere. Aaron and his friends rode in Downtown Cleveland, local parks and even at the high school or wherever there was a wide variety of urban terrain, including walls, benches, cement blocks, stairs, etc. One important factor on their rides was to kep a watchful eye out for the police who sometimes take a dim view of riding in strange places.

Brian Paoloni and Anthony Castrovince are shown playing Tic-Tac-Toe with the new iMac computers which were being installed in the computer lab in room 397 during the year.

YOU ARE TRULY THE BEST--IT HAS BEEN MY PLEASURE TO BE YOUR PRINCIPAL FOR THESE LAST FOUR YEARS.
BEST WISHES FOR A LONG, HEALTHY, PROSPEROUS AND MOST OF ALL HAPPY LIFE...
MAY ALL YOUR DREAMS COME TRUE.
